Subject: Falcon Refinery - Hurricane Dean
Date: 08/20/2007 10:31 AM

Stephen, we were asked by our Deputy Division Director to contact the PRPs of our Superfund Sites concerning Hurricane Dean. They have requested that precautions be taken by the PRPs if the hurricane approaches near the Corpus Christi area and also that the appropriate measures be taken to secure the Site and to take immediate action if any damage occurs to the facility that could possibly cause a release of contaminants. Please call me if you have any questions.
